Re: IHCDA Rehabilitation Standards

Notice: FSP-06-08

The Indiana Housing and Community Development Authority (IHCDA) has revised the IHCDA Rehabilitation Standards. Through comments with our partners and staff research, we believe the new standards will effectively assist more Hoosiers.

The new standards are effective immediately and should be used on all open Community Development awards.

If you have any questions concerning the new standards, please contact your Community Development Representative or Dave Pugh IHCDA Community Development Inspector.

The Rehabilitation Standards are available at: <http://www.in.gov/ihcda/comdev/comp/comp.htm>
